

# Information for Participants

## MadCap ?

MadCap is a real-time tracking solution for outdoor adventures. It consists of a GPS tracker working in conjunction with a web and mobile application.

- [Download iOS app](#)
- [Download Andrid app](#)
- [Live tracking web](#)

## The only three mandatory actions to take with your tracker are:

1. **Keep the tracker turned on** : Never turn off the tracker throughout the event - even at night. Simply charge it when necessary.
2. **Position the tracker correctly on your bike** : Refer to the “Quick Start Guide Before Departure” document below for instructions.
3. **Leave it in its pouch throughout the event** : This protects it from rain, melted chocolate, and squashed bananas :)

This is sufficient for the entire tracking system to function. If you don't have a phone, have an old phone, or are not interested in tracking - that's perfectly fine :) - we have considered you as well. Just follow the three instructions above, and everything else is optional. For more detailed use of the application, refer to the “Quick Start Guide Before Departure” document.

## Collecting My Tracker

The tracker will be distributed by the organizers at the start of the event. Additional instructions and information may be provided by them.

## The Deposit

A deposit of €150 will be required, either by check to the organization or by digital bank imprint, which you will receive by email (not debited from your account). The organization will specify which method they have chosen. The deposit is intended to cover the loss and damage of the tracker during the event. The tracker must be returned to the organization upon arrival or sent back to us within a maximum of 14 days after the end of the event (see above). Withholding a deposit is unpleasant for both you and us, so please help us avoid this inconvenience by taking care of your tracker and returning it on time. These trackers are our tools for work :) Thank you in advance.

- Any tracker **lost or rendered non-functional** due to damage will result in the forfeiture of your deposit.
- Any tracker **lost by the carrier and returned without registered mail** will result in the forfeiture of your deposit.
- Any tracker **not returned to the organization at the finish and not sent back to the specified address within 14 days after the event** will result in the forfeiture of your deposit.

## Returning the Tracker After the Event

Please return the tracker to the organization at the end of your event. If you are unable to do so (due to abandonment or other reasons), please send the tracker **by registered mail** to the following address. Any tracker lost by the carrier and sent without registered mail will result in the forfeiture of your deposit. Any tracker not returned to the organization at the finish and not sent to the address below **within 14 days after the end of the event** will result in the forfeiture of your deposit (see “The Deposit” above).

By registered mail 

Within 14 days after the end of the event
